Forecast For Scotland
Issued by Met Office Aberdeen
at 0400 on Thursday 16 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Most places dry today, a little rain in the north.

Today:
Mainly dry with variable amounts of cloud and some sunny spells, mainly in the east. A little patchy rain across the north this morning, this becoming confined to the far northwest and Northern Isles this afternoon. Mild.

Tonight:
A mainly dry night with some lengthy clear periods in the east, cloudier across the west. Some frost and fog patches developing in the east.

Friday:
Dry with some good spells of sunshine, although cloudier across the southwest and the Northern and Western Isles.

Outlook for Saturday to Monday:
Staying mainly dry with variable amounts of cloud and some sunny spells. Frost and patches overnight. Becoming a little colder from Sunday.
